

WELCOME TO THE CHASE CENTER HOME TO THE GOLDEN STATE WARRIORS

Throughout the Chase Center, home to the Golden State Warriors, you can find Duratape light strips (a Targetti brand). These high output light strips can be found in various coves beautifully illuminating the unique architecture of this stadium.

The Duratape Tones customized color cove lighting boldly represents the team's blue and gold color badges and can be seen throughout a variety of the public areas such as the lobby, club suites, event spaces, and bars.

In the Golden State Warrior's locker room you'll find Duratape ES bringing the sense of strength and victory to the room.
